Dear Parents: This calendar is provided to give you ample time to make travel arrangements that do not interfere with your child's class or exam schedules. No exam changes will be made to accommodate travel. A student with a test on the last day of exams may remain overnight to ensure that travel arrangements, especially international travel, do not interfere. When the campus is officially closed, no students may remain in the dormitories. Exceptions are made only for certain post-season and holiday athletic competitions, which might affect your child’s travel schedule. The exam schedule for the year will be available in June.
